Re: Concord Middle School Project, Concord MA

To: Concord Middle School Building Committee

The Town of Concord utilizes proprietary equipment for the control of HVAC equipment throughout its Town and School buildings. The following manufacturers and systems have been determined to be specified as proprietary items:

Category	Brand	Series/Model
Building Management System	Johnson Controls	Metasys MS; Enterprise Utilizing NAE and FEC Controllers Current Version: 10.4

It would be in the best interest of the Town to utilize this manufacturer for ease of use and familiarity as well as maintenance and training.

If you have any questions or concerns regarding this matter, please contact our office at your earliest convenience.
