#### **Milestones**

The following milestones were achieved during the month of **January 2023**:

- January 13<sup>th</sup> CMSBC Meeting: Hill reported on prequalification progress:
  - 50% complete with review and scoring of Filed Sub Bidders through the course of (5) meetings to date.
  - Three additional meetings are planned, including scoring of the General Contractors, to complete the process and generate a final pregualification report by January 24, 2023.

Hill and SMMA received 90% CD cost estimates from PM&C and AM Fogarty and presented the reconciled 90% CD cost estimate to the committee.

- The reconciled 90% CD estimate was \$87,420,207 and included a 1% Design and Estimating contingency and 1% escalation.
- The 90% CD estimate was \$964,527 higher than the 60% CD estimate which is a 1.2% increase.

Hill reviewed the Cost Analysis for Bid Scenarios with the 90% CD estimate information.

- The reconciled 90% CD estimate remains within the maximum acceptable bid (not utilizing bid contingency) of \$87,691,850. Both the bid contingency and deduct alternates provide additional cushion for a potential bid overrun.
- On January 19<sup>th</sup>, the Town of Concord held a Special Town meeting to vote to move items on the warrant article to a Town Ballot. Article 5 at the Special Town meeting was the allocation of \$7.2M in additional funding for the Concord Middle School project. - January 26<sup>th</sup> CMSBC meeting: Hill presented the Prequalification report generated by the Prequalification Committee. The Prequalification Committee recommended prequalifying 78 subcontractors across 15 filed sub-trades and four (4) general contractors. The Prequalification Committee also recommended disqualifying 10 sub-contractors from six (6) different trades and one (1) general contractor.

#### **Town of Concord**

- The CMSBC voted to accept the recommendation of the Prequalification Committee and begin notifying the prequalified and disqualified contractors of their decision.

#### Notes:

- Notes:

  1.) Variance of \$989,970 between the two estimates is under 2%, which is an acceptable standard.

  2.) Other FF&E has been included in the total project budget under soft costs for non-fixed equipment and furniture.

  3.) Construction hard costs include security scope. Technology scope has been included in the total project budget under soft costs.

  4.) Existing building demolition assumes 89,271 SF for main structure and 5,848 SF for the modular units.

  5.) Hazardous materials abatement is per the Nobis environmental survey and report.

  6.) Both AM Fogarty and PM&C carried 1% escalation.

  7.) Duration of Phase 1 work assumes (20) months for General Conditions.

  8.) Assumes permit fees waived.

#### Meeting Minutes Thursday, January 13th, 2023

- Approximately 1.2% increase.
- O Cost per square foot increase from \$606.65/SF to \$613.19/SF.
- Cost Analysis for Bid Scenarios:
  - Hill updated the cost analysis document with the 90% reconciled estimate number and presented it to the CMSBC.
  - O The maximum acceptable bid, assuming the \$110M warrant article were to pass, would be \$87,691,850.
    - The reconciled 90% Estimate falls within this maximum acceptable range.
    - The maximum acceptable bid, if the warrant article were to pass and the bid contingency was utilized, is \$89,711,162.
    - The maximum acceptable bid, assuming the warrant article passes and utilizing both the bid contingency and accepting deduct alternates, would be \$91,513,433.
      - The previously accepted deduct alternates were estimated for up-to-date pricing.
      - SMMA clarified that the GC will present a bid price and then provide their price for the deduct alternates that can be taken out of the bid price if accepted. This bullet larger than the others

#### **Public Comment**

- Town resident W. Kerr asked Hill and SMMA if there was a menu for deduct alternates and noted that he assumed using deduct alternates would not be a preferred exercise.
  - o Hill responded using deduct alternates would not be ideal.
  - O SMMA responded that deduct alternates were used by intent, to indicate to prospective bidders that the Town does not want to remove scope.
  - O SMMA further added that if deduct alternates were accepted it could affect the low bidder which typically ensures accurate pricing from prospective bidders.

#### Next Steps / Meeting

- The next CMSBC meeting will be held on Friday, January 26th, 2023, at 7:30AM
  - This will be the regularly schedule monthly update meeting. The prequal report will be presented at that meeting and deduct alternate ordering needs to be approved.
